TRUTH-IN-SAVINGS DISCLOSURE

REV 09/19

PRIMARY SAVINGS (SHARE) ACCOUNT SECONDARY SAVINGS (SHARE) ACCOUNT KID'S LUB ACCOUNT

Rate Information:

The dividend rate and annual percentage yield may change every dividend period. We may change the dividend rate for your account as determined by the credit union board of directors.

Compounding and crediting - dividends will be compounded every month. Dividends will be credited to your account every month. Dividend period - For this account type, the dividend period is monthly, for example, the beginning date of the first dividend period of the calendar year is January 1, and the ending date of such dividend period is January 31. All other dividend periods follow this same pattern of dates. The dividend declaration date is the last day of the dividend period and for the example above is January 31. If you close your share account before dividends are paid, you will not receive the accrued dividends.

Minimum balance requirements:

The minimum required to open this account is the purchase of a share in the credit union. Please see the bylaw requirements in the Common Features section for additional information.

You must maintain a minimum average daily balance of \$25.01 in your account to obtain the disclosed annual percentage yield.

Average daily balance computation method - Dividends are calculated by the average daily balance method which applies a periodic rate to the average daily balance in the account for the period. The average daily balance is calculated by adding the balance in the account for each day of the period and dividing that figure by the number of days in the period. The period we use is the monthly statement cycle.

Accrual of dividends on noncash deposits - Dividends will begin to accrue on the business day you place noncash items (for example, checks) to your account.

Transaction limitations:

The maximum cash deposit we may allow is \$10,000.00 per day.

The above deposit limitation applies to this account in combination with all other account(s).

During any month, you may not make more than six withdrawals or transfers to another credit union account of yours or to a third party by means of a preauthorized, computer or automatic transfer, telephonic order or instruction, or similar order to a third party. If you exceed the transfer limitations set forth above, your account will be subject to closure by the credit union.

Per value of a share:

The par value of a share in this account is \$5.00.

Principal withdrawn before maturity is included in the amount subject to early withdrawal penalty.

Time requirements - Your Holiday club account will mature November 1st.

Your Vacation club account will mature May 1st.

Early withdrawal penalties (a penalty may be imposed for withdrawals before maturity)- The penalty we may impose is \$25.00 per withdrawal. In certain circumstances such as the death or incompetence of an owner of this account, the law permits, or in some cases requires, the waiver of the early withdrawal penalty.

Withdrawal of dividends prior to maturity - The annual percentage yield is based on an assumption that dividends will remain in the account until maturity. A withdrawal will reduce earnings.

Automatically renewable account - This account will automatically renew at maturity. You may prevent renewal if we receive written notice from you before maturity of your intention not to renew. We can prevent renewal if we mail notice to you at least 30 calendar days before maturity. If either you or we prevent renewal, your funds will be placed in a dividend-bearing (savings) account. Each renewal term will be the same as the original term, beginning on the maturity date. Dividends will be calculated on the same basis as during the original term. There is no grace period following the maturity of this account during which you may withdraw the funds without being charged an early withdrawal penalty.
